

1-2602 Technical Information Sheet

earthBorn Wall Glaze

1. Use

earthBorn Wall Glaze is a water based, transparent glaze for interior use. It provides a washable, protective glaze for walls painted with earthBorn Emulsion. Mixed with earthBorn Pigment it is suitable for all broken work (e.g. sponging, marbling, wood-graining) or as a colour wash. Mixed with earthBorn Pure Colour it produces a semi matt wood stain for internal use.

2. Colours and Product Codes

750ml Clear 1-2602

3. Coverage

50 square metres per litre (applying heavily on a porous surface with a brush).

4. Preparation

The surface should be smooth, clean, dust and grease free, absorbent and dry. Previously glossed or varnished surfaces must be thoroughly sanded prior to application.

5. Drying Time

Dependent on internal temperature, humidity and the amount of water added to the Wall Glaze

6. Properties

earthBorn Wall Glaze is a water-based, transparent glaze. It protects surfaces from dust and is wipe-able.

7. Application

Always stir earthBorn Wall Glaze before use.
Mix one part Wall Glaze with four parts water.
For very sandy surfaces, use one part Wall Glaze to two parts water.
Apply with a brush.

8. Colouring

earthBorn Pure Colour can be added in any proportion to ready mixed Wall Glaze.

9. Cleaning

Wash tools with warm water.

10. Storage

Keep containers tightly sealed and store in a cool, dry and frost-free place.

Shelf life is 6 months for unopened containers.

11. Safety

Please see Material Safety Data Sheet

12. Ingredients

Water, celluloses, clays, vinegar acid, resins, 0.1% preservative.

The user is recommended to test the product on the intended surface to ensure its suitability.
