Volvox Wood Soap can be used for cleaning, protecting and maintaining waxed or oiled floors, including timber, stone, cork and terracotta.

2. Product Codes

1l 1-8701
5l 1-8702

3. Coverage

1l of Wood Soap provides approx 30l – 50l of care solution ready for use.

4. Colour

Clear when dry.

5. Thinner

Water

6. Drying Time

Can be polished after 1 hour

7. Properties

Wood Soap is a mixture of various vegetable soaps and linseed oil with emollient oils and resins.

8. Instructions for Use

Shake well before use.

For cleaning oiled and waxed floors add 100-150ml of Wood Soap to 5ltr of water and apply with a moist cloth. When dry the surface can be polished with a soft cloth.

Note:

For marble floors follow instructions of the marble supplier

9. Tools

Lint-free cloth, mop

Cloths can be cleaned using warm water

10. Storage

Keep containers sealed and store in a cool but frost-free place

11. Ingredients

Vegetable soaps, water, linseed oil

12. Safety

Even though non-toxic keep out of the reach of children

13. Disposal

Dispose of any product surplus to requirements safely and according to local authority disposal guidelines.

The user is recommended to test the product on the intended surface to ensure its suitability
